Dear Hilly:

STAT
STAT

Every now and then somebody [redacted]
[redacted] drops in to see me, mostly, I
suspect, from motives of curiosity, but occasionally
they bring with them little bits of interesting news,
a matter which may be of interest to those persons
engaged in intelligence research. I am forwarding
herewith a document which is self-explanatory with
the thought that maybe someone in your office might
grind out something of value from it.

With all good wishes,

Sincerely,

Pedro.
